

# One Source.

## **For Information, Marketing & Advisory Services.**

PLS publishes multiple listings, news and research reports; offers proprietary databases and information tools; direct markets properties, prospects, overrides and midstream assets for sale; and provides advisory and consulting services for buyers, sellers and capital providers.

Over 10,000 energy professionals subscribe to PLS's research and databases while PLS's marketing and transaction arm is one of the largest brokers of oil and gas assets in the mid-to under-market.

Since 1987, PLS's divestment arm has handled nearly 900 projects worth an aggregate \$5.2 billion while its advisory arm guides clients in sourcing capital and new business opportunities.
